

Project: Unknown

Certificate Number: TWN 0101502/1

Client: Hanbell Precise Machinery Co., Ltd.

Office: Taipei

Client's Order Number: -

Date: 8 February 2001

Order Status: Complete

Inspection Dates

First: 11 Jan 2001

Final: 20 Jan 2001

*This certificate is issued to Hanbell Precise Machinery Co., Ltd. to certify that the undersigned surveyor to Lloyd's Register did attend their works at Taoyuan, Taiwan on and between the above dates for the purpose of inspecting the undernoted equipment:*

One (1) Model RASM Semi-Hermetic Screw Compressor serial nos. : JA5192

*The following tests were witnessed in accordance with the Manufacturer's Test Procedure issued date 22/09/1998.*

1. Hydrostatic test with refrigerant oil at 42 kg/cm<sup>2</sup>
2. High voltage
3. Insulation resistance
4. Inclination
5. Short time static inclination
6. Dynamic inclination
7. Motor protection
8. Discharge temperature switch
9. Oil level switch
10. Oil filter differential pressure

*The results of the foregoing tests were found to be satisfactory.*

*For identification purposes, the mark "mc, TWN 0101502" was hand stamped on the frame of the compressor.*

*Notwithstanding the satisfactory results detailed above it should be noted that the manufacturer's test procedure is not based upon Lloyd's Register's published rules and that the compressor is therefore considered suitable for fitting in non-classed installations only.*

*Attached one (1) page of test data.*
